

CAP EXTEND SPEC SHEET

HEPACART® CAP EXTEND is a 2’x2’ grid compatible tile with a central window. The CAP EXTEND allows you to see into the ceiling grid without allowing dust to pass down. Use it in combination with any of our 2’X2’ CAPs to accommodate a 2’X4’ ceiling grid.

Features:

- Clear window allows for visibility into above ceiling area to monitor cable
- Use in combination with any standard 2’x2’ CAP to fit a 2’x4’ grid
- Aluminum construction
- Clear Lexan Window
- Starting at 8 pounds
- Can be supported from building structure
- US Patent #8397451
